Always more always better

Annual Pedagogical Plan for 2020-21

Teacher : Pragnya Purkayastha **Subject :** Computer **Month:** May-June

Class : I (A)

Topic : Know Your Computer

Learning Objectives : To make the students aware of the basic concept of machines that are present around them and make them understand that computer is a machine.

CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
Machines such as car, refrigerator, camera, etc., and computer as a machine.	Text book, Pictures of various items discussed in the chapter, Internet.	Explanation of the content through : <ul style="list-style-type: none">• Audio-Visual method• Chapter illustration• Encouraging activity work• Exercise solving	Children will get an initial idea about few machines that are present around them and that, computer is also a machine.	Ensure proper implementation of the topic through MCQs, activities, task solving and other interesting and encouraging methods.

Teacher : Pragnya Purkayastha **Subject :** Computer **Month:** July-August
Class : I (A) **Topic :** Parts of a Computer

Learning Objectives : To help the students understand the basic parts of a computer and their respective usage.

CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
The basic parts of a computer : <ul style="list-style-type: none">• Monitor• CPU• Mouse• Keyboard• Printer• Speaker	Text book, Pictures of various items discussed in the chapter, Internet.	Explanation of the contents through : <ul style="list-style-type: none">• Audio-Visual method• Chapter illustration• Encouraging activity work• Exercise solving	Children will get an idea about the basic parts of a computer, its importance and uses.	Ensure proper implementation of the topic through MCQs, activities, task solving and other interesting and encouraging methods.

Teacher : Pragnya Purkayastha **Subject :** Computer **Month:** Oct.-Nov.
Class : I (A) **Topic :** Keys And Keyboard

Learning Objectives : To enhance the knowledge of the children about a computer keyboard, its uses and the types of keys present in the same.

CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
<ul style="list-style-type: none"> • Definition of keyboard. • Letter keys • Number keys • Arrow keys • Caps Lock key • Spacebar key • Enter key • Backspace key • Delete key 	<p>Text book, Pictures of various items discussed in the chapter, Internet.</p>	<p>Explanation of the contents through :</p> <ul style="list-style-type: none"> • Audio-Visual method • Chapter illustration • Encouraging activity work • Exercise solving 	<p>Children will get to know about the keyboard, names, alphabet keys, number keys, sign keys, its functions and purpose of use.</p>	<p>Ensure proper implementation of the topic through MCQs, activities, task solving and other interesting and encouraging methods.</p>

Teacher : Pragnya Purkayastha **Subject :** Computer **Month:** December
Class : I (A) **Topic :** Computer Mouse

Learning Objectives : To make the students learn more about a computer mouse, way to handle it, its purpose and various functions.

CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
<ul style="list-style-type: none"> • Description of a computer mouse • The proper way to hold the mouse • Functions of the mouse 	Text book, Picture of the mouse, GIFs on its function as discussed in the chapter, Internet.	Explanation of the contents through : <ul style="list-style-type: none"> • Audio-Visual method • Chapter illustration • Encouraging activity work • Exercise solving 	Children will get to know about the computer mouse, the right way to hold the mouse, its various functions and method of use.	Ensure proper implementation of the topic through MCQs, activities, task solving and other interesting and encouraging methods.

Teacher : Pragnya Purkayastha **Subject :** Computer **Month:** Jan.-Feb.
Class : I (A) **Topic :** Starting and Shutting Down a Computer

Learning Objectives : To make the students learn the steps to start and shut down a computer. Also various do's and don'ts that should be followed while using a computer.

CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
<ul style="list-style-type: none"> • Steps to 'Start' a computer • Steps to 'Shut Down' a computer • Do's and Don'ts for the healthy use of a computer 	Text book, GIFs on the function as discussed in the chapter, Internet, Smart class.	Explanation of the contents through : <ul style="list-style-type: none"> • Audio-Visual method • Chapter illustration • Encouraging activity work • Exercise solving 	Children will get a proper knowledge about the process or steps of switching on and shutting down a computer along with the do's and don'ts that should be followed while using a computer.	Ensure proper implementation of the topic through MCQs, activities, task solving and other interesting and encouraging methods.

SAINTE CAPITANIO SER SEC SCHOOL

TEACHER : Tania Dhar SUBJECT: Maths MONTH : April – May CLASS : I TOPIC : Numbers 1 to 100 LEARNING OBJECTIVES: To make the students count and write the number names. and to make them understand the concept of Tens and Ones				
CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
Number names, Comparison Of numbers, Ascending and Descending, Before, After and Between numbers, Abacus and Beads	Text Book Smart Board Number chart with pictures Abacus etc.	(a) Teacher can use concrete objects to give students the idea of bigger/smaller , ascending / descending order. (b) Students can do various Smart Board activities to understand the concept of different contents mentioned in the chapter .	The students will be able to: * Count and write the numbers . * Arrange the numbers in Ascending / Descending order * Expand the numbers * Compare the numbers	* Written Assessment *Solve various activities from Text Book and Smart Board.

TEACHER : Tania Dhar SUBJECT: Maths MONTH : June CLASS : I TOPIC : Addition 1 to 19 LEARNING OBJECTIVES: To teach the concept of putting together . To add with the help of number line .				
CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
One digit addition , Two digits addition Addition on number line , Story sums etc.	Text Book , Black Board Picture Chart Smart Board	* Students work in pair or group with objects. * They will put the objects together and count how many are there. * Students will also add the numbers with the help of number line .	The students will be able to : * Add by putting together . * Recognise the symbol plus (+) * Addition of 1 and 2 digit numbers * Solve story sums	*Written Assessment *Assignment on addition. * Solve the activities and exercises from Text Book and Smart Board

<p>TEACHER : Tania Dhar SUBJECT: Maths MONTH : October CLASS : I TOPIC : Measurement LEARNING OBJECTIVES : To guide the students to understand the concept of measuring Height Weight and Capacity .</p>				
CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
Height Weight Capacity	Text Book , Black Board Picture Chart Smart Board Images and Objects	<ul style="list-style-type: none"> * Activity with the help of bottle and water to understand the concept of measuring capacity .(Experiential Learning) * Activity on weight (heavy / light) showing different size of different objects and make the students understand the concept of weight . (Experiential Learning) * Activity on length . Use of body units of length to record measurement of different objects . 	<p>The students will be able to</p> <ul style="list-style-type: none"> * Compare length. * Compare the objects on the basis of heavy and light * Understand the concept of capacity . 	<ul style="list-style-type: none"> *Written Assessment *Assignment on measurement * Solve the activities and exercises from Text Book and Smart Board .

<p>TEACHER : Tania Dhar SUBJECT: Maths MONTH : November CLASS : I TOPIC : Addition and Subtraction LEARNING OBJECTIVES : To teach the concept of add 2 digits numbers without and with regrouping . To teach the concept of taking away and how many left .</p>				
CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
<p>Addition with and without regrouping.</p> <p>Subtraction with and without regrouping</p> <p>Story sums.</p>	Text Book , Black Board Picture Chart Smart Board	<ul style="list-style-type: none"> * Teaching addition and Subtraction with the help of pictures . * Teaching count back subtraction with a number strip. * Teaching addition by counting forward . * Teaching addition / subtraction with and without regrouping . 	<p>The students will be able to</p> <ul style="list-style-type: none"> * Add 2 digits numbers with and without regrouping * Subtract 2 digits numbers * Apply the skill of adding and subtracting numbers to solve story sums. 	<ul style="list-style-type: none"> *Written Assessment * Solve the activities and exercises from Text Book and Smart Board .

<p>TEACHER : Tania Dhar SUBJECT: Maths MONTH : December - January CLASS : I TOPIC : Time LEARNING OBJECTIVES : To guide the students to tell time by the clock to the nearest hour . To teach the students to learn the name the days of the week . To teach the students to learn the name the months of the year .</p>				
CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
<p>Clock . Days name Months name</p>	<p>Clock, Chart paper and ice cream sticks, Calender Black Board Picture Chart Smart Board</p>	<p>* Activity to tell daily routine with the help of time. * Birthday Chart of the year . (Project making) * Name of the days and name of the months in a chart paper. (Experiential Learning) * Activity to make clock showing different time in a chart paper . (Experiential Learning)</p>	<p>The students will be able to * Tell the time by the clock to the nearest hour. * Write the name of the days of the week . * Write the names of the month of the year .</p>	<p>*Written Assessment *Assignment *Solve activities and exercises from Text Book and Smart Board .</p>

<p>TEACHER : Tania Dhar SUBJECT: Maths MONTH : February. CLASS : I TOPIC : Multiplication LEARNING OBJECTIVES : To teach the students the concept of multiplication . .</p>				
CONTENTS	RESOURCES REQUIRED	METHODOLOGY	LEARNING OUTCOME	ASSESSMENT
<p>Skip Counting Simple Multiplication</p>	<p>Chart Black Board , Smart Board , Text Book</p>	<p>* To teach the students the concept of multiplication by repeated addition . * To teach the students to do multiplication using skip counting.</p>	<p>The students will be able to *Recite Multiplication Table . * Multiply on the number line . * Do Skip Counting</p>	<p>*Written Assessment *Solve activities and exercises from Text Book and Smart Board .</p>

SAINT CAPITANIO SENIOR SECONDARY SCHOOL

ANNUAL PEDAGOGICAL PLAN FOR 2020 – 2021

Teacher Name: - Madhumita Deb
E.V.S

SUB: -

Class – I
About me

Topic: -

Month: -

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about themselves. How they are different from each other.	Textbook	Reading of the chapter.	Students will be able to learn about themselves. Students will learn new words.	Spellings from the chapter.

April

Learning objectives :- I) Students will learn about themselves.

II) Students will learn about their families, school, etc.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about the body parts.	Textbook Internet	Reading of the chapter. Video from YouTube	Students will be able to learn about their body parts. Students will learn new word, five sense organs etc.	Spellings from the chapter. Draw a picture of five sense organs.

Teacher Name: - Madhumita Deb
E.V.S

SUB: -

Class – I
My Body

Topic: -

May

Month: -

Learning objectives :- I) Students will learn about their body parts.

II) Students will learn about five sense organs.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

**Class – I
helps me**

Topic: - My Body

Month: - June

Learning objectives :- I) Students will learn about the uses of different parts of the body.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about the uses of different parts of our body.	Textbook Internet	Reading of the chapter. Video from YouTube	Students will learn about the uses of hands, legs eyes, nose etc	Write four uses of hands and legs. Learn the spellings.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

Class – I
Needs Care

Topic: - My Body

Month: - July

Learning objectives: - This chapter is about the care of our body. This chapter tells how we can keep

Our body clean and healthy.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about how to take care of our body. Why body needs care.	Textbook Internet	Reading of the chapter. Video from YouTube	Students will learn how to keep their body clean and healthy. Students will learn why our body needs care.	Spellings from the chapter. Practice reading.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

Class – I
We Eat

Topic: - The Food

Month: - Aug

Learning objectives: - This chapter is about the food we eat. This chapter tells what type of food

We must eat and how healthy food helps us to grow big and strong and also

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about the types of healthy food.	Textbook Internet	Reading of the chapter. Video from YouTube	Students will learn how to keep our body healthy Students will learn about the energy giving food. They will learn about the three meals of the day etc.	Spellings from the chapter. Practice reading. Draw five energy giving food.

We should take our food in time.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

**Class – I
Clothes We Wear**

Topic: - The

Month: - September

Learning objectives: - I) Why we wear clothes.

II) What type of clothes we should wear in summer and winter.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about different types of clothes in different season.	Textbook Internet	Reading of the chapter. Video from YouTube	Students will be able to learn why we wear clothes. Students will be able to know how clothes protect us from heat, cold etc.	Spellings from the chapter. Practice reading. Draw five summer clothes.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

Class – I
Home

Topic: - My

October

Month: -

Learning objectives: - I) Why we need house.

II) Type of houses.

III) How house protect us from heat, cold etc.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about different types of houses.	Textbook Internet	Reading of the chapter. Video from YouTube	Students will be able to learn the types of houses. Students will be able to know how house protect us from heat, cold etc.	Spellings from the chapter. Practice reading. Draw three types of houses.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

Class – I

Topic: - My

School

Month: -

November

Learning objectives: - I) Why school is important for children.

II) What are the things they learn from school.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about school. Meaning of library, assembly hall etc.	Text book. Internet	Reading of the chapter. Video YouTube	Students will be able to learn about their school. They will be able to know many things about their school.	Write three lines about their school.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

Class – I
Around Us

Topic: - Plants

November

Month: -

Content	Resource required	Methodology	Learning outcome	Assessment
Facts about plants and their types.	Text book. Internet	Reading of the chapter. Video YouTube	Students will be able to learn about small and big plants, creepers, climbers etc. They will be able to learn about herbs.	Draw three herbs plants.

Learning objectives: - I) what are big plants and small plants.

II) Types of plants.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

**Class – I
Around Us**

Topic: - Animals

December

Month: -

Learning objectives: - I) Kind of animals.

II) Students will be able to learn how farm animals useful to us.

Content	Resource required	Methodology	Learning outcome	Assessment
Facts about the different kinds of animals.	Text book. Internet	Reading of the chapter. Video YouTube	Students will be able to learn about the kind of animals. They will learn how farm animals useful to us. They will learn why we must not harm animals etc.	Draw three farm animals.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

Class – I
For Safety

Topic: - Rules

Month: -

January

Learning objectives: - I) Students will learn some safety rules.

II) Students will learn some rules which we must follow at home and outside.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about the safety rules. Rules at home and outside.	Text book. Internet	Reading of the chapter. Video YouTube	Students will be able to learn some rules which we must follow at home and outside. They will be able to learn that they must not run or play on the road. They must not put their finger into an open socket.	Write three safety rules at home.

Teacher Name: - Madhumita Deb

SUB: - E.V.S

Class – I
and the Sky

Topic: - The Earth

Month: - February

Learning objectives: - I) Students will learn about the Earth.

Content	Resource required	Methodology	Learning outcome	Assessment
Facts about Earth Facts about day and night.	Text book. Internet	Reading of the chapter. Video YouTube	Students will be able to learn about the live on the Earth. They will learn that the Earth is made up of land, water and air. They will learn that during the day we can see the sun and at night we can see stars and the moon in the sky	Draw a picture of Mountains and hills.

II) Students will learn about the live on the Earth.

III) They will learn what the Earth is made up of.

Content	Resource required	Methodology	Learning outcome	Assessment
Discuss about different types of clothes in different season.	Textbook Internet	Reading of the chapter. Video from YouTube	Students will be able to learn why we wear clothes. Students will be able to know how clothes protect us from heat, cold etc.	Spellings from the chapter. Practice reading. Draw five summer clothes.
